## **AP451 TRI-BAND HAZARDOUS AREA ACCESS POINT ENCLOSURE FOR HP ARUBA AP-734**

---

The AP451 enclosure assembly is engineered to house the HPE Aruba AP734 access point for operation in hazardous locations. The enclosure, and antennas are certified for Class I, Division 1, Groups C & D environments. An optional configuration with a NEMA 4X enclosure and antennas is available. All required components—mounting plate, antennas, and RF cables—are included to support a fast, straightforward installation. The enclosure incorporates four of our proprietary explosion proof Wi-Fi 6E CTX series antennas covering 2.4 GHz, 5 GHz, and 6 GHz bands.

### **Applications:**

- Pharmaceuticals
- Oil refineries
- Oil & Gas Platforms
- Chemical Plants

### **Ordering information:**
